THE FUTURE OF RENTAL

We are part of the FTSE50
Ashtead Group, the global
leader in equipment rental.

We've brought together our entire
family of leading equipment and
solution providers, making it easier
for you to access our equipment
and expertise. We're committed to
new, innovative technologies and
sustainable ways of working.

▲ A SINGLE VISION WITH A SINGLE
NAME. WE ARE SUNBELT RENTALS. ▲

OUR VISION AND MISSION

▲ WE HAVE ONE VISION: TO OWN THE FUTURE OF RENTAL. ▲

We set the standard. We keep evolving. No-one matches the safety, innovation and solutions we deliver for our customers.

▲ OUR MISSION IS TO DELIVER A WORLD-CLASS RENTAL EXPERIENCE. ▲

Our team of experts are inspired and empowered to embrace new ideas, find better solutions – and always put you, the customer, first.

▲ **WHATEVER
IT TAKES,
WE MAKE IT
HAPPEN.** ▲

OUR VALUES

▲ THE WAY WE THINK, THE WAY WE ACT AND WHAT WE DO SETS THE STANDARD. ▲

SAFE

Safety is our number one priority. If it can't be done safely, it won't be done. For our people and our customers, nothing matters more.

RESPONSIBLE

We do the right thing for our people, our customers, our communities and our planet.

INNOVATIVE

We're always making things better. Not just the equipment we supply, but the services we deliver and the way we do our jobs.

ACTION

No standing back. No standing still. When something needs doing, we step up and make it happen.

EXPERT

Our expertise makes us different. We deliver specialist solutions for our customers, every time.

TEAMWORK

We trust each other to build a business to be proud of. Together, we are unstoppable.

DOING THE RIGHT THING

We are committed to acting responsibly. It's in our DNA – so much so, that it's one of our core values.

Our sustainability plan aligns with the UN Sustainable Development Goals. We are creating social impact and achieving lasting legacies through our work. We collaborate with our customers and suppliers to help innovate and shape the next generation of environmentally-friendly equipment.

We work with local communities around the UK, help charities and develop sustainable careers for disadvantaged groups. Our dedicated social impact team is working in line with Government-recommended best practice using the National TOMs Framework to capture the value that we create.

▲ **EVERYTHING WE DO IS THE RIGHT THING – FOR OUR PEOPLE, OUR CUSTOMERS, OUR COMMUNITIES AND OUR PLANET.** ▲

07

TOTAL SOLUTIONS

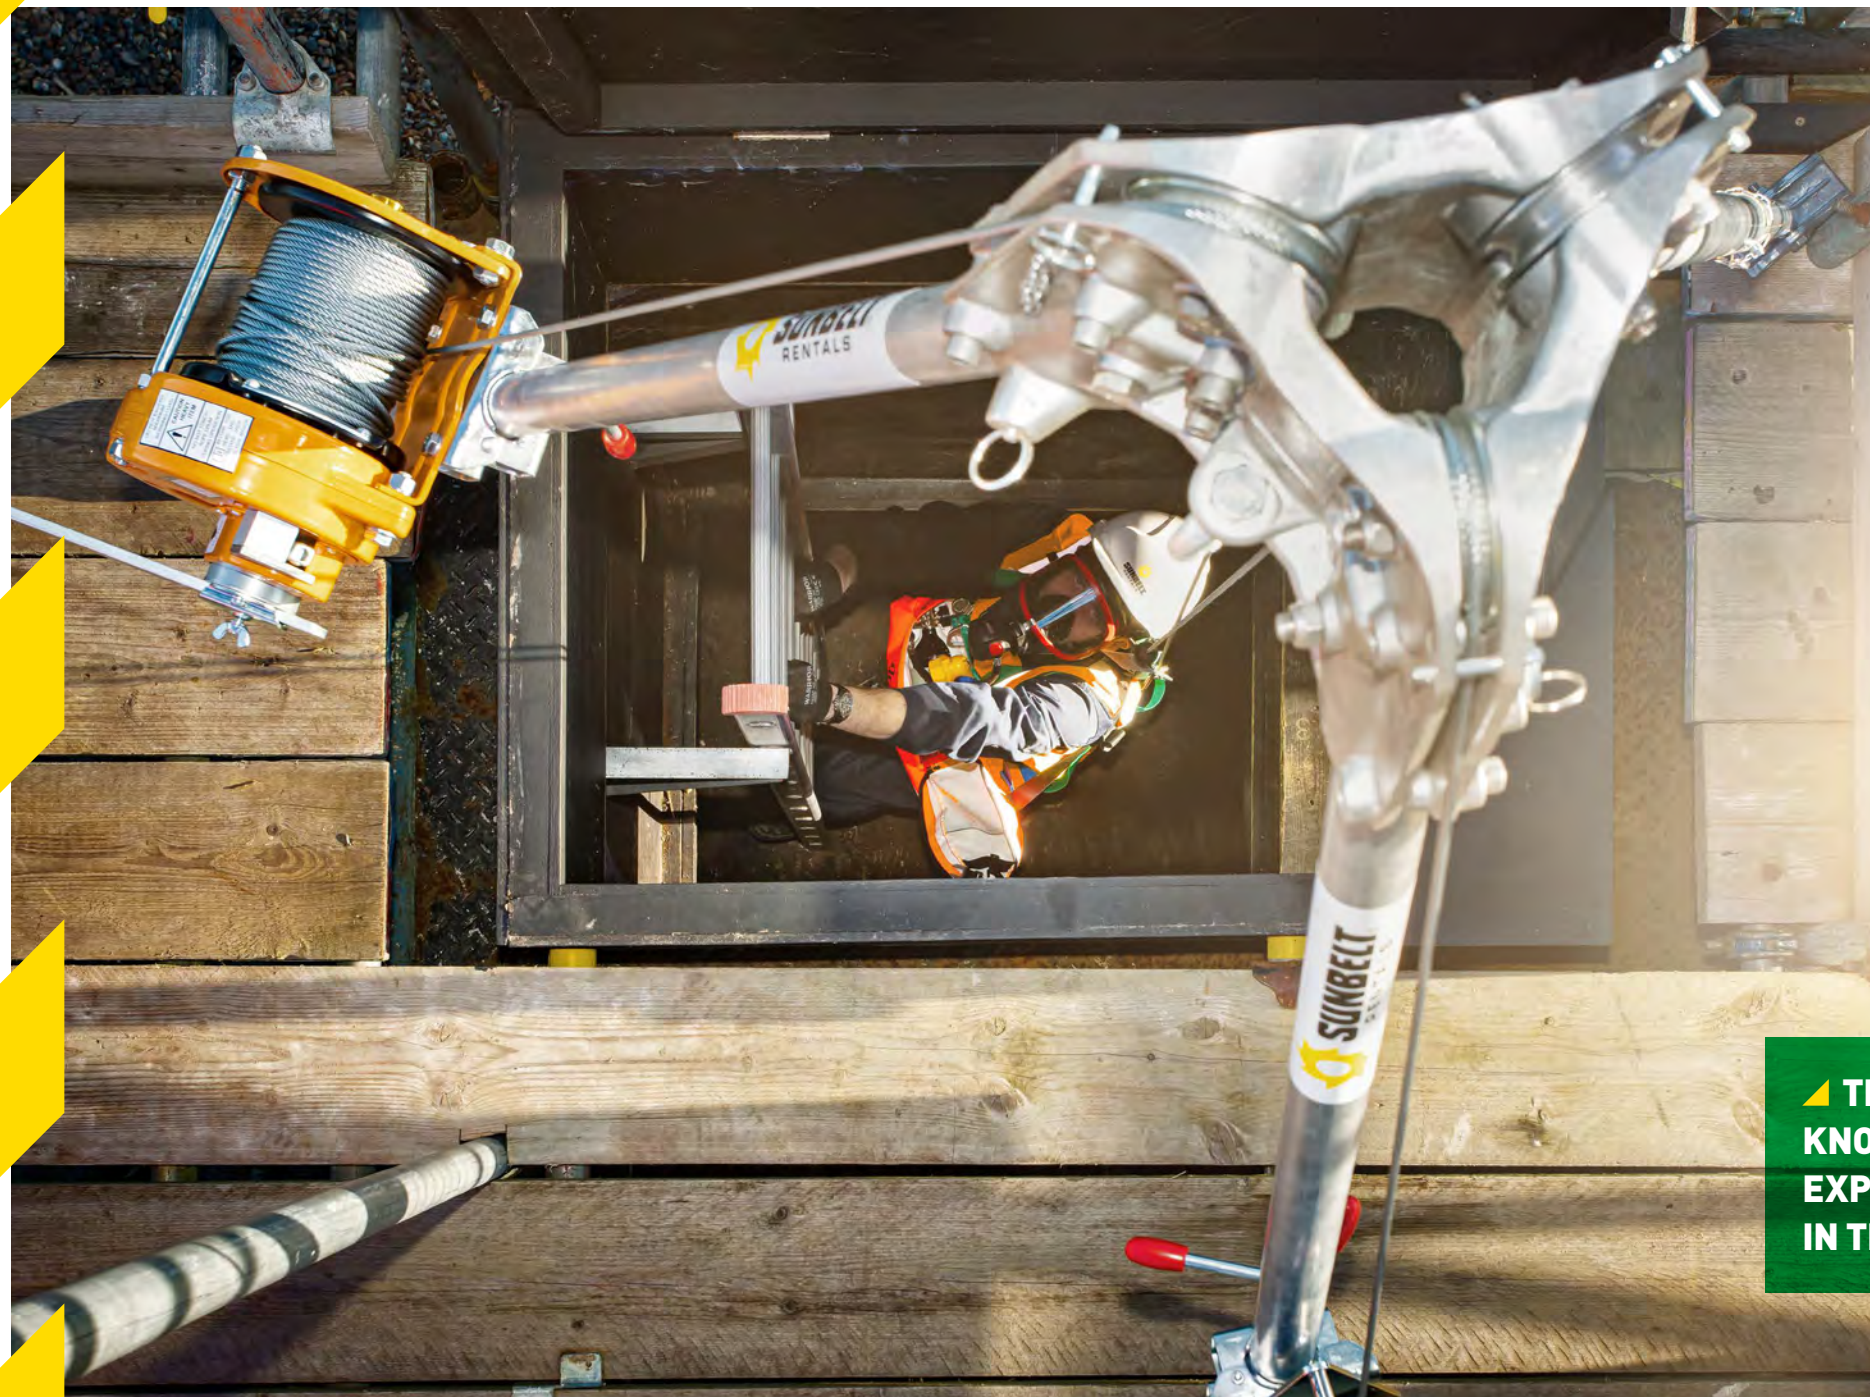

With over 200,000 items of equipment, we have the largest and broadest range of equipment in the UK.

In addition, our dedicated project management teams can pull together your requirements at a moment's notice.

▲ IN THE UK,
SOMEONE HIRES
FROM SUNBELT
RENTALS EVERY
3 SECONDS. ▲

As an official 'Essential Services' contractor for the UK, we can respond rapidly. We provide turnkey solutions including national emergency response, full compound builds and specific sector solutions.

Because Sunbelt Rentals is a combination of specialist teams, we can mobilise the exact team and equipment for your project.

SAFETY & COMMUNICATION

We specialise in the hire and sale of specialist safety, confined space and communications equipment.

Led by some of the industry's most knowledgeable and experienced specialists in the field, we also service and repair equipment and deliver a wide range of customer safety training courses.

▲ **THE INDUSTRY'S MOST KNOWLEDGEABLE AND EXPERIENCED SPECIALISTS IN THIS FIELD.** ▲

TEST & CALIBRATION

We offer a vast range of test equipment designed to handle the toughest measurement challenges since 1967. Our expertise in instrumentation allows you to maximise the performance, accuracy and safety of your application.

We have over 6,000 instruments for hire, including electrical, high voltage, pressure, temperature, visual inspection, mechanical, environmental monitoring, HVAC and flow – all available with next day/same day delivery or collection from our depots.

Our centres of excellence and specialist UKAS 17025 laboratories combined to offer a full calibration service, so you can be sure of the accuracy of your own measurement equipment.

In addition, our team of mobile technicians can calibrate your instruments on site, helping you to reduce downtime, anywhere in the country.

▲ EUROPE'S LEADING TEST EQUIPMENT SPECIALISTS. ▲

PLANT

You're hiring the very latest, safest and most environmentally friendly equipment from the world's leading manufacturers.

From bowzers, compaction plates, compressors and dumpers, to excavators, forklifts, rollers, telehandlers and sustainable lighting towers – the Sunbelt Rentals Plant range of large plant equipment and equipment is unmatched in the industry.

▲ WE'VE INVESTED HEAVILY IN STAGE IIIB/TIER 4 COMPLIANT EQUIPMENT AND MACHINES WHICH USE BIODEGRADABLE HYDRAULIC OIL. ▲

PLANT ATTACHMENTS

We're the UK's largest supplier of hydraulic excavator attachments and have served the demolition, construction and rail industries for more than two decades.

Our specialist teams provide quality service and a comprehensive range of hydraulic attachments for sale and hire nationwide.

▲ THE SOLE UK DISTRIBUTOR FOR SEVERAL OF THE WORLD'S LEADING ATTACHMENT MANUFACTURERS. ▲

17

TRAFFIC MANAGEMENT

We're the UK's largest portable traffic signals hire company and a leading supplier of temporary traffic management solutions.

Our equipment for hire includes temporary traffic lights, variable message signs, Chapter 8 Registered Class 1 and 2 road signs and thousands of cones, lights and barriers.

We have a dedicated Traffic Call Centre and can manage all aspects of traffic projects, including site surveys and drawings, local authority approval and complete installations.

Our traffic management expertise extends far beyond the provision of portable traffic signals – we're a complete traffic control and management service.

24/7 ▲ **NATIONWIDE COVERAGE
OF TRAFFIC CONTROLS
AND MANAGEMENT.** ▲

▲ AWARD-WINNING GROUND
ACCESS AND CROWD CONTROL
SOLUTIONS, ENGINEERED TO
YOUR EXACT REQUIREMENTS. ▲

ENGINEERED ACCESS

Our temporary roadways and barriers have taken centre stage at some of Europe's most high profile music festivals and sporting events – as well as some of the industrial and energy sector's most challenging access projects in history.

Our geotechnical experts, together with a portfolio of Trakway, barriers, fencing and bridges deliver access as a full turnkey solution for the events, energy, rail and construction sectors. With European coverage through depots across the UK and mainland Europe, our award-winning solutions are engineered to your exact ground, crowd-control and site security requirements – taking into consideration all ground conditions and your intended traffic.

ACCOMMODATION

From welfare and storage containers to complete contractor villages, you're covered with our choice of 20,000 temporary building units and furnishings.

We specialise in the rental of temporary building systems to suit diverse requirements – including anti-vandal 'green specification' accommodation, sleeper units, portable toilets, containers and everything else you'll need for construction sites and events. We also supply a wide selection of furnishings such as tables, desks, chairs and cupboards.

PROJECT MANAGERS

Our project managers offer expert advice on design, layout, planning issues and all health and safety requirements.

TOOL HIRE

From a renovation job to major construction projects, a spot of DIY to a garden makeover – we've got the tools to make it happen.

Our vast range includes low level access equipment, breaking, cutting, concreting, drilling and compaction equipment, heating, cooling, drying, floor cleaning and preparation, woodworking, gardening equipment, pumping, sanding, saws, vacuum cleaning and much more. Our equipment comes from leading manufacturers, ensuring we have the safest and most innovative and eco-friendly range of tools and equipment available. So, whether you're a contractor, builder, painter and decorator, landscape gardener – or even a homeowner – we'll equip you for any job.

RAPID RENTAL

Working in and around city centres? Sunbelt Rentals Plants & Tools' branches are conveniently located to deliver swift and efficient service. If you need it, we've got it. We specialise in the hire and sale of tools, consumables, personal protective equipment and related supplies. Our wide stock range means we're the handy choice for contractors working on office construction and repair, maintenance and improvement projects.

POWERED ACCESS

We take powered access equipment and expertise to new heights as a market leader in scissor lifts, booms, vertical masts, low level access and more.

Sunbelt Rentals Powered Access is one of the UK's leading providers of powered access equipment and safety training for working at height. With locations across the country, our hire range includes scissor lifts, telescopic booms, articulated booms, vertical masts and much more.

▲ THE COMBINED HEIGHT AND REACH OF OUR EQUIPMENT CAN TRANSPORT YOU SAFELY OVER 50,000 METRES. ▲

We also supply the very latest low-level access equipment, including Self-Propelled and Push-Around Verticals (PAVs) which complement our extensive range of scaffold towers and folding work platforms. So, we have the right equipment for every job.

UTILITIES

As the UK and Ireland's largest specialist utility hire company, we have a 25-year track record of delivering innovative equipment and first class service.

Sunbelt Rentals Utilities offers a vast selection of specialist equipment and services to the utility, civil engineering and associated sectors. Our modern fleet ranges from butt fusion machines to winches, moles and electrofusion equipment to our state-of-the-art pipeline commissioning equipment.

Our equipment is backed by a suite of online tools that help to ensure compliance and deliver real efficiencies – including innovations such as the new Pipeline Commissioning System and SMART Torque Solution.

▲ THE UK'S LARGEST SPECIALIST UTILITY HIRE COMPANY. ▲

LIFTING

Raise your lifting standards with equipment and expertise certified by LEEA – delivering peace of mind that you're working safely.

As the largest dedicated lifting and safety provider in the UK, we have a vast selection of equipment for hire or sale, together with our repair, test and inspection service. We stock a wide range from leading manufacturers, such as Bumpa and Hoddi hoists, Genie material lifts, chain blocks, clamps, block grabs, vacuum lifters, gantries, jacks, lifting beams, pallet trucks, rescue winches, safety harnesses, fall arrestors, shackles, skates, slings and much more.

It's all CE compliant, designed to reduce the health and safety risks and backed by a full service and maintenance history. Our technicians make sure it arrives on-site certified and ready for action.

▲ **OUR SOLUTIONS HAVE BEEN USED ON
7/10 OF THE TALLEST BUILDINGS IN THE UK.** ▲

HOISTS

Raise your game when it comes to professional and highly-skilled hoist solutions. We offer passengers and goods hoists that meet the needs of your large or small construction and industrial projects and applications.

As a specialist provider of hoist hire equipment, we own the largest rental fleet of Alimak and Stros construction hoists in the UK. Our extensive range includes passenger and goods hoists, goods only hoists, transport platforms, bespoke models and beam hoists.

We meticulously plan, design and configure hoists to suit a vast array of hoisting applications.

▲ **WE HOLD OVER 10KM OF MAST SECTIONS – ENOUGH TO SCALE LONDON'S SHARD BUILDING OVER 32 TIMES.** ▲

POWER

We provide solutions that go far beyond just generator hire. We offer a complete power management solution tailored to suit your needs.

Our equipment ranges from 2kVA to 1250kVA, as well as specialist equipment including battery powered units, fuel tanks, cabling and distribution. Our team of specialists offer a full support service from site survey to a full site installation and a fully comprehensive fuel management solution alongside a 24/7 out-of-hours service.

Sunbelt Rentals Power depots cover the whole of the UK, enabling you to source power quickly and efficiently – whenever and wherever you need it.

▲ 5,000 RENTAL UNITS –
ENOUGH EQUIPMENT TO
POWER A SMALL CITY. ▲

SURVEY

We're the UK's industry-leading measurement solutions provider for the surveying, construction, mapping and wider industries.

We provide our customers with hire, sales and service for state-of-the-art measurement equipment and solutions from the leading manufacturers including Leica Geosystems, Trimble, Topcon, Faro, SPX Radiodetection, GeoSLAM and many more.

This means that we match world-class instrumentation with effective service and unrivalled technical expertise. We work with customers across all sectors of the surveying, engineering and construction industry in areas such as terrestrial and GPS measurement, 3D machine control, utility detection and environmental monitoring.

▲ **WORLD-CLASS INSTRUMENTATION
WITH EFFECTIVE SERVICE AND
UNRIVALLED EXPERTISE.** ▲

FORMWORK & FALSEWORK

Your on-site challenges demand unique solutions. With more than five million components of varying shapes, sizes, lengths and weights – many designed by our own engineers – we're one of the UK's leading suppliers of formwork, falsework and groundwork systems for hire to the construction industry.

Our engineers produce designs using the latest 2D and 3D CAD systems, with automatically generated component lists for a fast, efficient design service and rapid on-site response to structural or design changes.

MEVA

Sunbelt Rentals Formwork & Falsework's market-leading position is reinforced by our status as the UK's only hire supplier of MEVA Formwork equipment.

▲ WE ARE THE EXCLUSIVE
HIRE SUPPLIER OF MEVA
EQUIPMENT IN THE UK. ▲

39

CLIMATE CONTROL

For best-in-class service and unrivalled portable cooling, heating, drying and humidification equipment, we're the climate control specialists.

We've been the market leader for over 40 years – with over 20,000 hire units, offering a same day/next day nationwide delivery and installation service.

We are the exclusive UK distributor for Fral equipment, including the market-leading Avalanche.

UNICO

We're proud to be the exclusive UK distributor for Olimpia Splendid. We supply the revolutionary 'through-the-wall' air conditioning and heating solution Unico. All Unico air conditioning units are designed to remove the need for outdoor condensing units – respecting exterior building aesthetics while reducing installation costs and time.

24/7
▲ 365 DEDICATED FM
CONTROL CENTRE. ▲

INDUSTRIAL

From chemical plants and power stations, to food manufacturing facilities and warehouses – we're on-site, on time to meet the demands of a fast-moving sector where every second counts.

Sunbelt Rentals Industrial meets the needs of the power, petrochemical and oil and gas industries – sectors with very specific maintenance needs. Timing is everything and equipment has to be on-site, on time and up and running immediately to get the job done.

Setting up our dedicated premises at Wilton International in Teesside, Ineos in Grangemouth, BP in Hull, P66 in Immingham, Essar and Innospec in Cheshire, alongside various steelworks across the UK, has ensured these facilities have had access to turnkey solutions and services for safety-critical environments and maintenance projects. Your site can also harness the Power of Sunbelt to deliver more.

▲ **ON YOUR SITE TO MEET
THE DEMANDS WHERE
EVERY SECOND COUNTS.** ▲

RAIL

We support the Network Rail and Transport for London infrastructure - helping keep UK freight and commuters moving.

We're RISQS verified with a nationwide network of dedicated rail depots managed by experienced teams supplying equipment to the sector's leading operators.

We deliver equipment and related trackside services to the major rail contractors.

We hold all relevant RISQS accreditations to deliver trackside support.

WE ARE 5-STAR RISQS RATED.

24/7

▲ **CALL-OUT AND TRACKSIDE DELIVERY BY TRACK-SAFE TRAINED OPERATIVES.** ▲

TRAINING

Sunbelt Rentals has well over 70 years' experience, which enables us to provide world-class training to our customers.

At Sunbelt, safety is our priority and it's this deep cultural value that we offer through our training for your own people – whether it be Health and Safety related, Operator Training or Driver Training, we work together with key bodies including IPAF and PASMA to qualify your people with the right skills and accreditations.

▲ **WE HAVE A HEALTH AND SAFETY TRAINING OPERATION THAT'S DEDICATED TO IMPROVE THE SKILLS OF OUR PEOPLE, AS WELL AS OUR CUSTOMERS.** ▲

Our nationwide operations cover Mobile Access, Traffic Management and Control, Transport and Mobile Plant, Site Safety, Health and Safety and Survey Training, as well as bespoke packages, tailored just for you.
